MEMORANDUM FOR THE RECORD

SUBJECT: Breakfast with Secretary Weinberger, 2 October 1981

The following subjects were discussed at the breakfast:

25X1

-- Strategic Program: The Secretary outlined the essentials of the strategic program that the President would announce on 2 October. It includes \$15 billion for C³; production of the D-5 missile; production of Trident submarines at the rate of one a year; production of 100 B-1 bombers and proceeding with the Stealth bomber; production of 100 MX missiles, with no MPS system--36 may be deployed in Titan and Minuteman silos; and a renewed effort on air defense, both development of civil defense and R&D on ABM.

25X1

-- Central America: There was some discussion about the role of the Assistant Secretary of State and the request from the Assistant Secretary's working group for AWACS in the region between 8 and 15 October. The Secretary indicated the JCS was against this in that it would require half the U.S. AWACS capability. He suggested that we try to
